Choosing a university and a course

Your choice

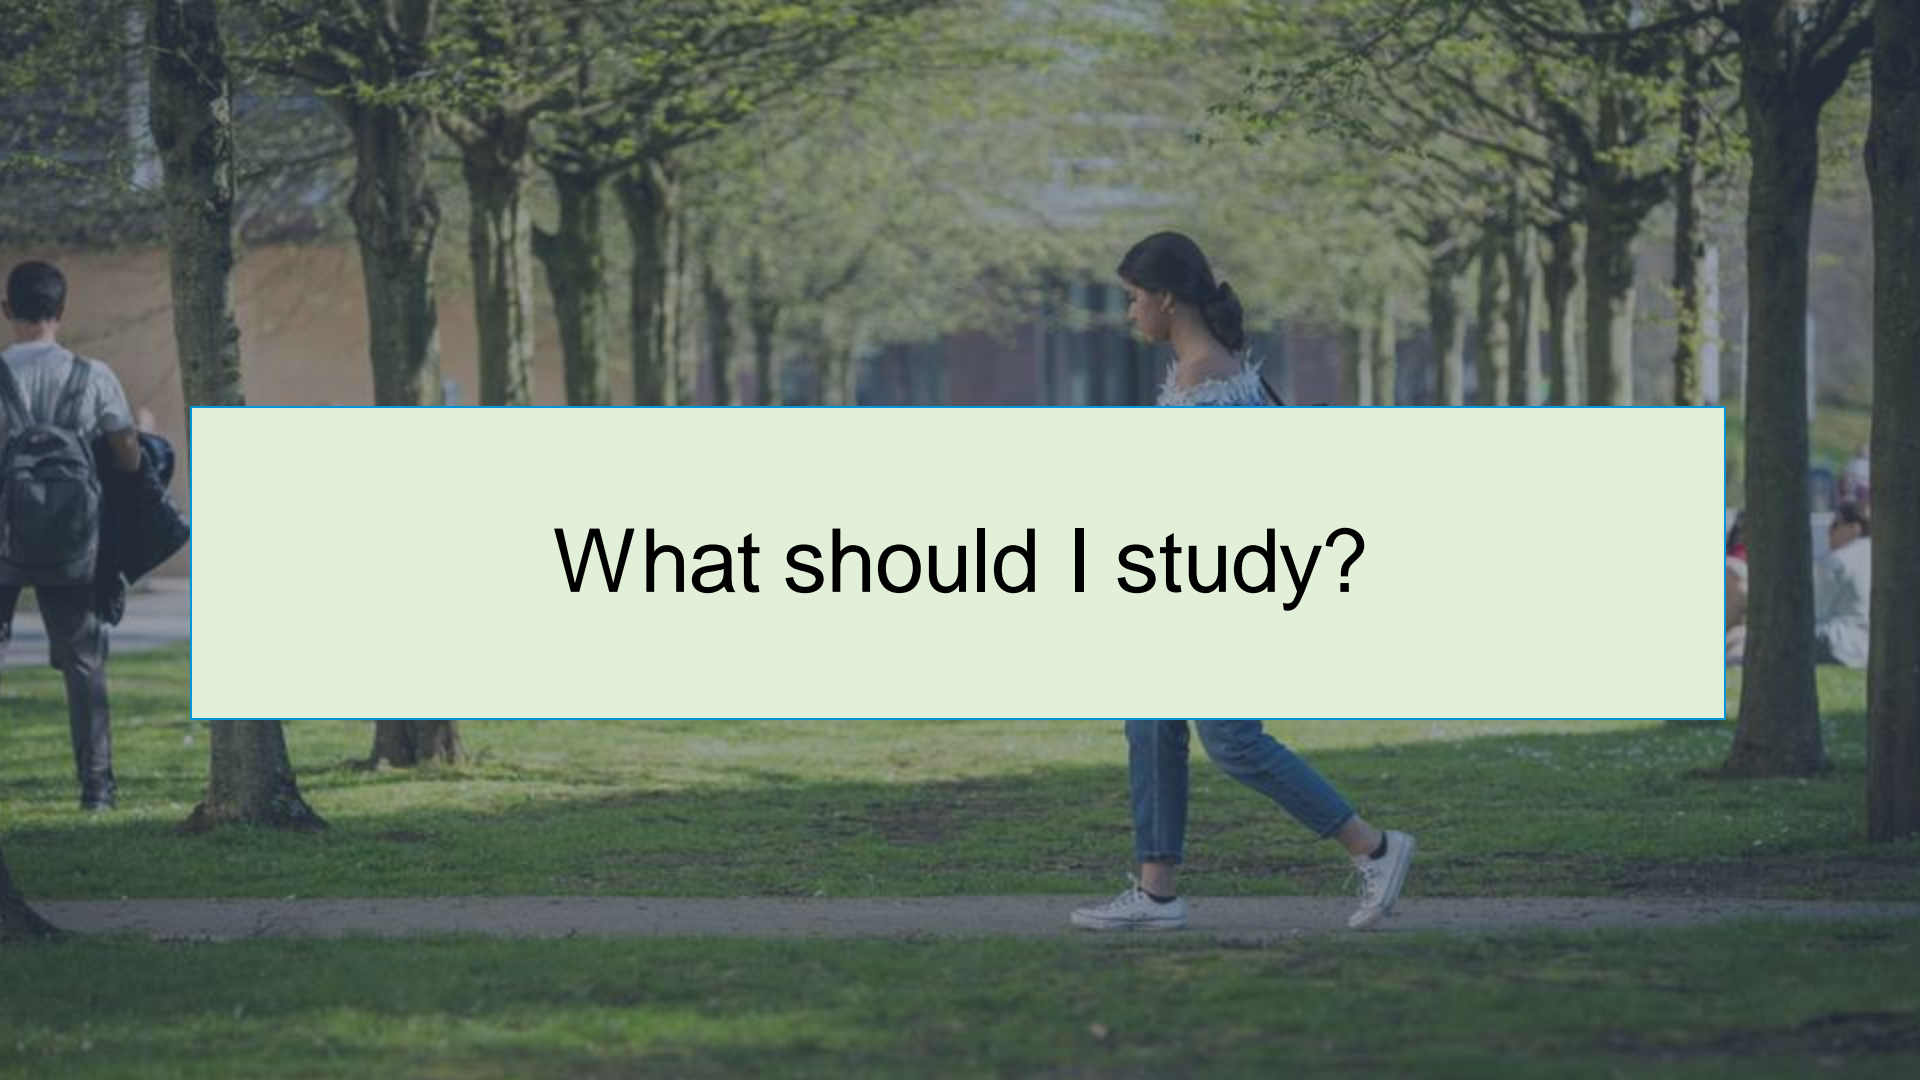

In the UK:

50,000+ courses

395 providers

- Bachelors Degrees
- Undergraduate masters
- Foundation degrees
- Degree apprenticeships

A young woman with dark hair tied back, wearing a blue top and jeans, is walking on a paved path in a park-like setting. She is looking down. In the background, there are many trees with green leaves and a building. To the left, a person with a backpack is walking away. The scene is bright and sunny.

What should I study?

Choosing a course

Where to start?

- Your favourite subject at school/college
- Your most successful subject
- What interests you most
- Plans after university

What can you study?

One of your A-Levels?	Something new or interdisciplinary?	A vocational course?
History	American Studies	Heritage Studies
Biology	Natural Sciences	Wildlife Management
Chemistry	Pharmacology	Medicine
Physics	Mechanical Engineering	Construction Engineering Management
French	International Management and Modern Languages	French and Translation
Sociology	Gender Studies	Social Work

What can you study?

Pretty much any course you can think of is on offer somewhere, including:

- **Applied Golf Management Studies (University of Birmingham)**
- **Cartoon & Comic Arts (Staffordshire University)**
- **Equine Behaviour, Health and Welfare (Nottingham Trent University)**
- **Viking and Old Norse Studies (University College London)**
