

Permission for a student to use the biometric (thumbprint) system

Please complete the sections below to show you have read, understood and agree to your child using the biometric system. We will need a separate form for each child.

The daily spending limit is set at £5.00 for all students. Please indicate below if you would like this amended for your child.

Students Name			
Tutor Group		Daily spending limit	£

Student Declaration (please circle below)

YES	I want to use the biometric system	NO	I do not want to use the biometric system*
Signed		Date	

Parent/Carer Declaration (please circle below)

YES	I want my child to use the biometric system	NO	I do not want my child to use the biometric system*
Sign and print name		Date	

* I opt for my child to be given a PIN code. I understand the implications of my child using a PIN code and that it is not as secure as the biometric system. I also accept that the school takes no responsibility if the PIN code is used fraudulently.

This form needs to be signed by both the parent/carers and the student. Students need to bring this form on their first day in September and keep with them until their thumbprint is scanned.

You can write to the school if you wish to withdraw consent at any time. Alternatively, there is a Consent Withdraw Form available on the school website in the Parents section under Information governance.
