Homework in KS3

Folding the Pages for Self-Quizzing

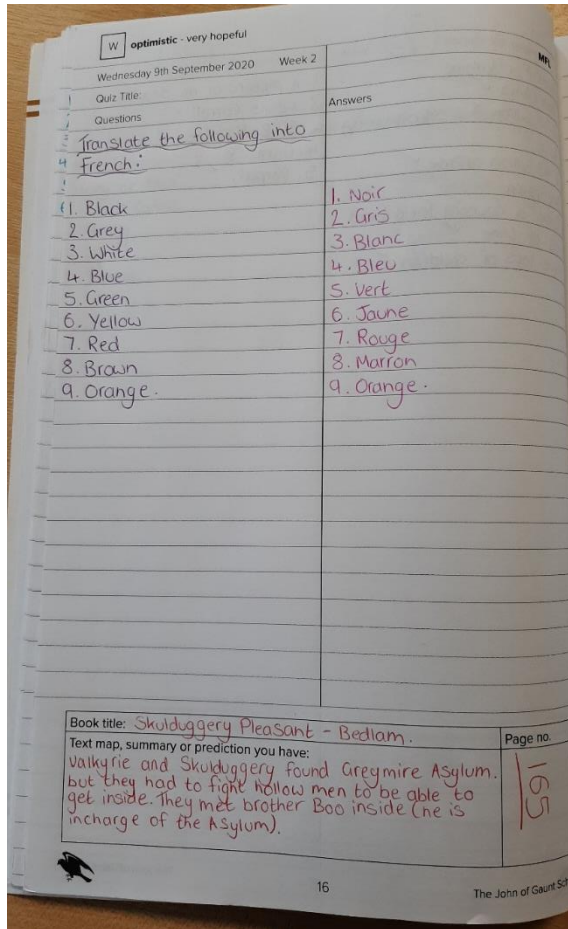

Step Three

- Once you have answered the questions, fold the page so that you can no longer see them.
- Try to answer the questions from memory. If you need to, check the answers before self-testing.

- Self-test by writing the answers again – this time from memory!
- Check and correct the answers in green pen.

Step Two

Writing Self-Quizzing Questions

Art and Design Knowledge organiser term 1

Drawing

When drawing you need to consider these three main areas – tone, texture (using mark making) and proportions.

Texture refers to the surface quality in a work of art.

We associate **textures** with the way that things look or feel. Everything has some type of **texture**. We describe things as being rough, smooth, silky, shiny, fuzzy and so on.

Proportion refers to the dimensions of a composition and looks at height, width and depth. **Proportion** also describes how the sizes of different parts of a piece of art or design relate to each other.

Tone means how light or dark something is. The tones artists and designers use and the contrast between them can create very different moods and visual effects.

Key Words - definitions
Shading - the darkening or colouring of an illustration or diagram with parallel lines or a block of colour.
Depth - The apparent distance from front to back or near to far in an artwork. Techniques of perspective are used to create the illusion of depth in paintings or drawings .
3D – three dimensional - and object having or appearing to have length, breadth, and depth.
Still life - a painting or drawing of an arrangement of objects, typically including fruit and flowers and objects contrasting with these in texture, such as bowls and glassware.
Shape - the external form, contours, or outline of someone or something.
Scale - If you refer to the scale of something, you are referring to its size
Colour – this refers to the full ranges of colours you may use, colour comes in different shades
Complimentary colour - Complementary colours are pairs of colours which are opposite each other on the colour wheel -When placed next to each other, they create the strongest contrast
Harmonious colours – are groups of colours that are next to each other on the colour wheel
Collage - a piece of art made by sticking various different materials such as photographs and pieces of paper or fabric on to a backing.

Observational drawing

Observational drawing is **drawing** what you see. ... But it's **drawing** what you see in front of you as realistically and as true to life as possible.

Art history
